

Fun things to do in Vacations in Costa Rica

Ecotourism

Considered one of the most bio-diverse regions in the world, Costa Rica is divided in 20 natural parks, 8 biological reserves, and a series of protected areas that captivate ecotourism lovers. The variety of activities includes horseback riding, hiking mountainous paths in the cloud forests, and guided bird-watching tours.

Tortuguero National Park is especially famous for sea turtle nesting that takes place every year, and the natural canals that abound with protected species such as crocodiles, manatees, and otter.

Beaches

Costa Rica occupies a privileged spot in the heart of Central America. While its territory of 19,652 square miles touches both the Atlantic and Pacific oceans, the country is surprisingly accessible - one can travel from coast to coast in just three hours by car (or 45 minutes by plane).

The Caribbean region of Costa Rica stands out for its variety of aquatic ecosystems and its beautiful white and black sand beaches, providing an ideal setting for activities such as sport fishing, snorkeling, and sun bathing. The Pacific coast concentrates big tourist centers and its beaches are very popular for surfing, for example Esterillos, Jaco, Hermosa, Boca Barranca. In the Golfito region, near the Marino Ballena National Park, surfing fans can find the famous "long lefthander wave."

Culture

Costa Rican culture is in many ways a reflection of its racial diversity. The predominant influence has long been European, which is reflected in everything from the official language - Spanish - to the architecture of the country's churches and other historic buildings. The indigenous influence is less visible, but can be found in everything from the tortillas that make part

of a typical Costa Rican meal, to the handmade ceramics sold at roadside stands. An important aspect of Costa Rica's cultural legacy is their love for peace and democracy. The Ticos like to stand out that their nation is the exception in Latin America, where military dictatorships have long dominated politics. They take pride in having more than one hundred years of democratic tradition, and almost half a century without an army. The army was abolished in 1948, and the money the country saves by not expending in military issues is invested in improving the Costa Ricans' standard of living, which has fostered a culture of social peace that makes it such a pleasant place to visit.

Adventure

One of Costa Rica's main attractions is the Arenal Volcano. This active volcano will delight lucky visitors with a fire show, with rock and lava eruption. At the volcano's foot, visitors can find one of Costa Rica's best windsurf spots, because winds on the lake can reach 45 miles per hour.

In addition, those looking for a little adrenaline rush can go bungee jumping from the bridge over the Colorado River (located just one half hour from San Jose) or riding in a hot-air balloon.

Costa Rica is a land of volcanoes, rain forests, waterfalls, and rivers. Adventure travelers can choose from a variety of activities such as rafting, snorkeling, kayaking, sport fishing, surfing, and lots more. The most challenging activity will be choosing what to do!
