3 reasons our properties  
are "buyer friendly"

**Top Quality** We carefully select each and every property for listing, that means you won't waste time seeing properties that can't meet your expectations.

**Fair Value** You won't pay extra for an overpriced property, so you'll get more features for your money.

**More Choices** Our unique network offers you more properties in more places than anyone else, 2,842 of them nationwide.

**Why we work harder for you.**

Your American-European broker will work hard to make your transaction go smoothly, to help you get the best price and help you avoid costly mistakes. So why do we work so hard? Because as a group of independent brokers, each satisfied client adds to our reputation and any unhappy client takes away from it. So the key to our success is to work hard and keep our clients happy.

So call today and be a satisfied client tomorrow!
