"Watch them,
and listen to the forest
singing all around them"

paradise island and discover 1500 acres
of profitability and immediate land appreciation

Continental Island - Costa Rica Completely Uninhabited

Extraordinary potential for an adventure or ecotourism project

- 15 miles away from natural wildlife national parks.
- Exuberant flora and fauna in its natural habitat: birds, monkeys, mammals, iguanas, butterflies and forest.
- Rolling hills which offer breathtaking panoramic views, as well as the enjoyment of all the wonders of the celestial expanse.
- Captivating channels perfect for canoeing.
- Excellent fishing and sailing.
- Perfect conditions for the development of a marina.
- Seashell beaches, surrounded by unspoiled nature.
- Located in the Pacific Ocean.
